PORTFOLIO

ramashish62127@gmail.com

EDUCATION

- ❖ B.Tech | Computer Science | Sharda University, Greater Noida | CGPA: 8.6 | 2021-2025
- ❖ XII (BSEB) | M.L.S.M College, Darbhanga | 84.8 %

PROFESSIONAL EXPERIENCE

Freelancing | Full Stack Developer

- ❖ Developed an institute management system integrating student and teacher features, with robust authentication mechanisms and database management using MongoDB and Firebase. Implemented RESTful APIs using Postman for seamless data communication.
- ❖ Resolved drag-and-drop functionality issues with table columns in a React.js project.
- ❖ Fixed CORS issues in a Next.js project.
- ❖ **Tech Stack:** React.js, Next.js, MongoDB, Firebase, Postman (REST API)

Hobbit | Noida, India | Remote | Full Stack Developer

- ❖ Developed a comprehensive real estate management platform with features for finding, purchasing, and selling properties, and finding and joining hostels.
- ❖ Developed a robust school management system using WordPress, incorporating various school management plugins to support all essential school functions and operations.
- ❖ **Tech Stack:** React.js, Tailwind CSS, JWT auth, Express.js, MongoDB, Firebase, WordPress

Coding Ninja | MERN Stack Developer | DSA

- ❖ Successfully completed projects including a Stack Visualization tool, Resume Builder, Blog Application, Code Cracker Game, Chat Application, E-commerce platform, and Social Media application.
- ❖ Solved over 500 Data Structure problems, demonstrating strong problem-solving skills.
- ❖ Technical expertise includes Java, Data Structures and Algorithms (DSA), HTML, CSS, JavaScript, React.js, Node.js, Express.js, Mongoose, MongoDB, Grunt, and Swagger.
- ❖ **Tech Stack:** Java, DSA, HTML, CSS, JavaScript, React.js, Node.js, Express.js, Mongoose, MongoDB, Grunt, Swagger

SKILL

Coursework Skill

DSA | Operating System | Computer Network | Software Testing | Web Technology | Entrepreneurship | OOPs

Technical Skill

Language[C, JavaScript, Python, Java] | FrontEnd[HTML, CSS, Javascript, React.js, Next.js, Tailwind CSS, Bootstrap, Farmer Motion] | BackEnd[Node.js, Express.js, Mongoose.js] | DBMS[SQL, MongoDB, Firebase] | RESTful API | Cloud[AWS] | Wordpress | Swagger | Technologies[Git-Github, Docker, Kubernetes] | IDE[VS Code, Cursor]

PROJECTS | START-UPS

JOBNEST

- ❖ JOBNEST is an educational website designed for students and parents to explore various aspects of education. It provides guidance on different study paths, types of education, study techniques, job acquisition strategies, job preparation, and much more.

Samasya-Samadhan

- ❖ The Samasya-Samadhan project focuses on environmental issues. It aims to motivate and assist people in cleaning the environment, planting trees, and engaging in farming. The platform connects individuals in two categories: those who serve and those who help by contributing, donating, or awarding efforts.

CERTIFICATE

Certified in SQL (Intermediate) | Full stack web development – Coding Ninja | Oracle Academy-Java foundation | Oracle Academy-Database Programming with SQL | Oracle Academy-Database Foundation | AWS Academy Certificate

ACHIEVEMENT AND EXTRACURRICULAR ACTIVITIES

Top 100 on GFG | Expert at Coding Ninjas | Hackathon Participant | College Scholar

LANGUAGE

English(Advanced) | Hindi(Native) | Maithili (Mother Tongue)
